Profile

Detail-oriented Computer Science student with a strong foundation in programming, web development, and data analysis. Demonstrates solid problem-solving skills, logical thinking, and the ability to translate technical concepts into practical solutions. Experienced in developing academic and personal projects that showcase adaptability, teamwork, and continuous learning. Seeking an entry-level opportunity where I can contribute technical knowledge, grow professionally, and support innovative technology-driven solutions.

Education

Bachelor of Science in Electronics Communication Engineering – (SNSU)

Bachelor of Science in Computer Science – (NEMSU)

(2019 – 2026)

Technical Skills

- Programming (Python, JavaScript, HTML, CS S)
- Web Development
- Data Visualization
- Basic Database Handling
- Computer Troubleshooting
- Microsoft Office & Google Workspace

Projects

Personal Portfolio Website – Built responsive site using HTML, CSS, JavaScript

Data Analysis Project – Created charts and statistical summaries for dataset

Robotics Project – Assisted documentation and system explanation

Soft Skills

- Problem Solving
- Fast Learner
- Teamwork
- Communication
- Time Management
